# FCR-640 all Polypropylene DUCTLESS HOOD

(Counter-Top, Base Cabinet or Base Stand Configuration)

The compact design is for use on counter tops - or if mobility is required it easily mounts on its own mobile cart. Its no building / no construction, easy installation makes it ideal for use in all applications where horizontal air-flow is required.

### Typical Application:

Universities - Medical Laboratories/Dental Surgeries - Powder Handling & Weighing - Media Kitchens  
- Microbiology Labs - Bacteriology/Pathology/Public Health/Pharmaceutical Labs & Anaesthetic Gas Scavenging.
